5% BACK BONUS TERMS AND CONDITIONS

U.S. Cardholders receive a bonus back on the card in the amount of 5% of all signature-based purchases made at select participating U.S. merchants, featured on this website. PIN-based purchases, purchases made at participating merchant locations outside of the U.S., and purchases of gift cards made with this card, may not be eligible for 5% bonus calculations. Bonus funds will be added to the balance on the card within 10 days following purchase, dependent on merchant settlement. Bonus funds become part of the card balance and are treated as such for purposes of card and/or fund expiration. Qualifying purchase, participating merchant settlement, and bonus transaction must occur prior to card valid thru date. Only the amount of a transaction applied to the card at participating merchants is eligible for the bonus. If a transaction involves the card plus a supplemental payment method, the portion of the transaction applied to the supplemental payment method is not eligible. Credit transactions may result in a reduction in bonus funds. Bonus funds will be rounded to the nearest one-hundredth of one dollar. Eligible to U.S. residents age 18 and older. Specific merchant terms and conditions may apply. Blackhawk Network is not responsible for delayed merchant settlements. Participating merchants subject to change. Bonus award is subject to termination or change at any time without notice. Card terms, conditions and limitations apply. See card materials for details. 5% Back Bonus is not a requirement of card use. Note that virtual/electronic cards may not be used at or are not eligible for 5% Bonus at the following merchants: AMC Theatres, Regal Entertainment Group and restaurants.

Please note, when using the prepaid card at CVS it may only be used for in-store purchases and cannot be used for online purchases or to purchase gift cards.
